ROVINETTE BUSINESS CARD HOLDER

\$580

DESCRIPTION

Combining traditional materials with a post-modern silhouette, this striking business card holder will make a unique statement on a contemporary desk, either at home or in an office. In it, two handcrafted elements of pink Perlino marble are joined together with a blue Azul Bahia marble vertical piece. Part of the Rovinette collection, this sophisticated object of functional decor creates an imaginary landscape that poetically evokes a classical ruin, with a modern twist that makes it current and eye-catching.
