S1 SCREEN

\$10,560

DESCRIPTION

This magnificent screen is inspired by the elegant style of art deco, with its reflective surfaces, bold silhouette, and the geometric patterns of its decor. The metal brushed brass frame rests on a base in mirror with a light silver finish. The mirror returns in two of the back panels, making it ideal to create a dynamic effect in a room. The front features panels entirely covered in an elegant dark blue fabric with inlays in gold and black.
