DESCRIPTION

This magnificent screen was crafted by expert artisans and will be a splendid addition to any room, thanks to its exquisite craftsmanship and the sophisticated allure of its silhouette that evokes the charm of the art deco style. The structure is in brushed brass with a golden finish and rests on a base with a light silver finish. The panels' covers alternate between a shimmering silk and linen fabric in neutral tones and a deep brown velvet. Two of the back panels feature a mirror that can be used to add a reflection and to enlarge the space around.
