SABEEN BRASS TABLE LAMP

\$2,720

DESCRIPTION

This sophisticated table lamp is a refined choice for a modern desk or a contemporary home, where it can be used on nightstands to flank the bed. The brushed brass structure combines two pure geometric shapes with a rectangular base and a cylindrical shade, connected through an L-shaped, two-piece arm. The 1.5W 3000K integrated LED light can be directed at will. This piece can be paired with the Sabeen Brass Ceiling Lamp for a cohesive look.
