LIGHTING : SCONCES & WALL LAMPS

Gio Minelli

SACRED GEOMETRY ASTER LAMP

\$7,180

DESCRIPTION

This lamp has a multidimensional diamond shape achieved using a precise technique requiring a CNC milling machine. Sheets of brass are carved, replicating proportions stemming from the sacred study of geometry. Through this process, a state of equilibrium is reached. LED lights illuminating the lamp from behind its brass structure reflect off of its surface creating a pleasant atmosphere while being a true work of art and precision.

DETAILS & DIMENSIONS

- Material: Brass
- Dimensions (in): W 31.50 x D 9.84 x H 31.50
- Dimensions (cm): W 80 x D 25 x H 80
- Handmade In Italy
