SALINA VASE BY UGO LA PIETRA

\$590

DESCRIPTION

Part of the Vasi Mediterranei Collection, born from a collaboration between designer Ugo La Pietra and Florentine artist Sandro Da Boit, Salina was inspired by the eclectic shapes of everyday pottery used in the Mediterranean basin. The Salina vase is dedicated to the second largest island in the Aeolian archipelago of Sicily, and features a round body with a long, cylindrical neck and a cup-shaped base. This stunning glossy, white-glazed ceramic piece is hand decorated with a stylized light-blue anthropomorphic figurine.
