### SAMURAI #3

\$250

#### DESCRIPTION

The Samurai, the warriors of ancient Japan, skilled in using the curved sword called Katana, base their lives on a code of honour: Bushido. Geisha, a woman with a slender figure and delicate features, keeps everything under control, even the modulation of her breath. A synthesis of strength of spirit and fragility. Lineasette has interpreted these figures with sculptural works of the highest quality, with refined decorative details.
