SAN DIEGO SWIVEL ARMCHAIR

\$5,280

DESCRIPTION

This glamorous swivel armchair synthesizes an inviting, sinuous silhouette with a sober nuance of brown fabric upholstery. Rising from a circular base (55 cm diameter), a 23cm-high cylindrical metal element supports the frame, which is a mix of beech (80%) and fir (20%), equipped with elastomeric belts and padded with high-density polyurethane and polyester fiber. The plush seat is embraced by a rounded backrest in capitonné style that adds a timeless quality to the piece.
