Murano Glam

SAN MARCO SET OF 6 MURRINE GLASSES

\$350

DESCRIPTION

Named after the iconic piazza in Venice, this six-glass set is a testament to the vibrant aesthetic of Murano glass and a celebration of age-old glassmaking traditions. Each piece is crafted of mouth-blown glass and hand-decorated with a series of irregular patterns enriched with silver leaf: turquoise, blue, and aquamarine spots mix with colorful "murrine," applied to the hot surface. Over time, the precious metal details will acquire a golden patina to create an antique effect. This sophisticated set is a splendid choice of any occasion. Each piece measures 8 x 8 x H 13 cm.
