SATURN M168 6-LIGHT CHANDELIER BY MICHELE BÖNAN

\$5,200

DESCRIPTION

This chandelier boasts a quiet yet rich design where modern and classic details effortlessly coexist in impeccable harmony. The brilliant chrome finish accenting the metal structure is emphasized by the glare emitted by the six LED sources (E27; 75W each) enveloped by a rectangular-cut shade in pleated fabric for a suffused, romantic light output. It can be coupled with table and floor counterparts for a cohesive look.
