LIGHTING : TABLE LAMPS

*Daide Montanaro*

**SCALES S4 BRASS TABLE LAMP**

\$470

## DESCRIPTION

This innovative piece of lighting design combines industrial techniques and materials and superb Italian artisanal craftsmanship. Showcased by an elegant white finished steel base, the lampshade is entirely hand-molded from a single sheet of engraved satin brass, whose etched geometric pattern creates warm reflections on surrounding surfaces. Used to embellish a living area or a modern workspace, this elegant piece may be molded over and over again according to lighting preference. Requires a 60W halogen bulb, included only for 220V (not included for 110V). Base also available in black upon request to the Concierge.
