SCHEGGIA COAT HANGER BY MAURO DELL'ORCO

\$8,280

DESCRIPTION

Carved entirely out of solid durmast wood, this stately coat hanger is a monument to craft and creativity. Its rectangular shape is enhanced by its alluring side-profile which is wide at the base and gradually tapers towards the top. The pegs, made of 5000 year-old bog oak wood, can be rearranged in any formation in the three-hole rows that adorn the front of the piece. The simple yet interactive design imbues the work with dynamism and movement, elevating any entryway in which it stands.
