SCRIBA SECRETAIRE

\$10,540

DESCRIPTION

Dominated by sleek lines and bold colors, this exceptional secretaire is an exemplar of impeccable construction and craftsmanship. Handcrafted of prized woods, this versatile piece has a rectangular frame with eight inlay doors (with 180-degree opening) that conceal drawers and small shelves, supported by slender legs and a crossed back support. A stepped-cut lower shelf and a sphere on top complete this captivating piece, whose symmetry and balance between all the different components result from the contrasting-hued woods. It can be finished with a glossy beeswax coating, softening over time.
