SEGMENTS OF FRAME BLANKET

\$790

DESCRIPTION

Aptly named after the striking decorations around its edges, this blanket was knitted of 100% merino carded wool for a total weight of 1.1 kg. Its rectangular silhouette is a bright canvas whose natural background is framed with four jacquard bands in natural, gray, light grey, and beige. The back is identical to the front. This stunning piece can be used as a modern accent to bring comfort and a lively decoration to a contemporary interior, either places as throw on a sofa or on a bed.
