Pierfrancesco Solimene

SEGNI FISH AND SEA PLATE

\$95

DESCRIPTION

This exquisite plate was hand made and its enamel was glazed according to traditional techniques. Because of the artisanal nature of each piece, there can't be one exactly like the other and the hand-applied decorations, in this case a blue and yellow fish over an intense blue half-circle evoking the sea, can slightly vary from one another. Traditions and innovation live together in this object that can also be used as a decorative dish. Also available in the d18 cm version.
