SEGNI FOUR FISH PLATE

\$95

DESCRIPTION

This striking plate was hand crafted and hand glazed according to the ancient technique of ceramic making of Vietri, by the Amalfi coast. Its enamel is decorated in the center with a bright yellow dot enclosed in a large blue circle surrounded by four stylized fish, alici, typical of this area. Sun, sea, and marine life live on this one-of-a-kind piece that is both poetically decorative and functional. Also available in the d18 cm version.
