## SEGNI RED PLATE

\$95

### DESCRIPTION

This striking dish was hand-crafted according to the ceramic tradition of Vietri, by the Amalfi coast. The intense red of the lip is brightened in the center by a large white spot decorated with dark elements. The effect is both contemporary, in the use of irregular patterns, and traditional, in the use of this age-old material. This plate is a one-of-a-kind piece that can be used as a decoration or in everyday life. Also available in the d18 cm version.
