## *Coltelleria Saladini*

### SELLAIO KNIFE

\$130

#### DESCRIPTION

This unique piece is one of the most characteristic knives by Saladini that has re-interpreted in a modern way an ancient tool used by the saddle-makers while cutting leather. The highly resistant material to cut called for a thick blade with a cutting edge throughout, that can now be used in a contemporary kitchen as a striking piece of functional decor. The steel blade with its unusual shape is complemented by the wood handle.
