SESI B BLACK COFFEE TABLE BY MARTINELLI VENEZIA STUDIO

\$3,855

DESCRIPTION

SESI B - coffee table in Nero Marquina marble Small is a stone table recognizable by the unique curved lines which resemble the pebbles marked by the seawater, placed one on top of the other, like balancing building blocks on the seashore. It is named after the enigmatic, commemorative buildings shaped like truncated cones or more precisely like the typical Seso buildings found around the island. Please ask Concierge for details.
