SET #9 BLACK AND WHITE PLATE AND CHARGER

\$140

DESCRIPTION

This sophisticated set of plates comprised of one large under-plate and one deep plate is part of the black and white collection of 10 table settings. Each setting combines one solid black glazed plate with one featuring bold white and black linear decorations, crafted by hand using clay from Etruscan caves. The refined look of these plates will enhance the table top of any home, serving as both a functional and decorative set. This is an original creation by Jean-Christophe Clair.
