SET OF 2 CONVIVIO DIAMOND PINK COASTER

\$90

DESCRIPTION

This stunning set of two coasters was crafted by hand of pink Norvegia marble. Both pieces feature an irregular hexagonal shape that evokes the elegance of diamonds, with a multi-faceted surface in two finishes: one opaque and one shiny. Remarkably thin and light, these two pieces are very resistant and can be used as coasters, heat-resistant mat, or decorative accents in both a classic or contemporary home. This set was introduced at Milan Design Week 2018 and is also available in black Marquina marble.
