Isi Porcellana

SET OF 2 DELAUNAY SOUP PLATES #5

\$110

DESCRIPTION

This exceptional set of soup plates by Isi Porcellana dynamically reinterprets everyday tableware to create sculptural pieces of functional decor. The simple silhouette of this porcelain plate is enhanced by the hand-applied, white-yellow houndstooth pattern that seemingly waves on the surface, heightening the movement and dimensional quality of the plate. Perfect paired with other pieces from the Delaunay or Liberty series. Plate measures 22 cm.
