SET OF 2 GREEN BUGNATO LOW GLASSES BY IL VETRO DI EMPOLI

\$150

## DESCRIPTION

This set of two low glasses is an elegant addition to a cabinet bar with its distinct green color and sinuous shape. Handcrafted in the most classic tradition of Empoli glassware, the soft depressions are made by hand using the bugnato technique, therefore giving each piece unique characteristics, while the "Empoli green" color of the glass derives from the high percentage of iron oxide contained in the sands of the Empoli area.
