SET OF 2 MASCHILE SERVICE PLATES #7

\$190

DESCRIPTION

Bold and versatile, this lavish porcelain set of plates is an exceptional showcase of innovative minimalist design and traditional crafting methods. An abstract concentric pattern characterizes the wide silhouette, as the outer rim features navette-shaped accents in black that frame a smaller, partial ring of navettes and a second partial ring of a yellow zigzag line along the inside. The combination of geometric shapes and colors creates a dynamic visual contrast that heightens the allure and sophistication of the piece. Best paired with other pieces from the Maschile series. Size: 31 cm.
