## SET OF 2 RASORI SMALL GLASSES

\$220

### DESCRIPTION

Modern yet retro, the glassware is a timeless design that works with many interior design styles. These glasses are perfect for dessert wine, water, cocktails, and juice. Named for Felicia Ferrone's favorite street in Milan, the Rasori Small glasses are a playful and delicate combination of materials and form, just like the city itself. With a mastery of glass forming technique, each unique piece is handmade without the use of molds by master glassblowers.
