**SET OF 2 VORTEX GLASSES IN BLUE/PALE BLUE**

\$190

## DESCRIPTION

Crafted of mouth-blown Murano glass, this stunning glass has a conical shape of 6 cm diameter at the base and 8 cm at the top. Its standout element is an exquisite blue and pale-blue ribbon that curls around the transparent surface of the piece, creating a sense of movement and adding a vivid color to enliven a casual aperitif, an informal seated dinner or an impromptu toast. This elegant glass can be used also to display flowers, either alone or combined with other colors for a delicate bouquet. Small imperfections and slight variations from piece to piece are marks of true craftsmanship.
