**SET OF 2 VORTEX GLASSES IN PURE GOLD/PALE BLUE**

\$200

## DESCRIPTION

The ethereal quality of mouth-blown Murano glass is enhanced by the delicate ribbon that curls around the surface of this conical piece, creating an elegant sense of movement. Two pale-blue edges frame a 24k gold ribbon that swirls in a dance of colors and transparencies. Either during an informal dinner or displayed on a console to showcase a small flower composition, this piece is shaped as an upside-down cone 8 cm in diameter at the mouth and 6 cm diameter at the base. Small imperfections and chromatic variations from piece to piece are marks of true handmade craftsmanship.
