## SET OF 6 AMBER AND TURQUOISE CANDLEHOLDERS

\$780

### DESCRIPTION

This refined set of six goblet-like candleholders is handcrafted from Murano glass and signed by master glassmaker Stefano Morasso following the "lume" technique. A blowtorch is used to obtain their silhouette, comprising a blue-toned disk that sits on a pedestal base whose delicate amber shade is matched by the flared bowl designed to house the candle. Slight differences from the picture are the result of a deft artisan process.
