Les Ottomans

SET OF 6 IKAT PORCELAIN PLATES IN BLACK AND WHITE

\$240

DESCRIPTION

Inspired by the traditional fabric dyeing technique, these plates were entirely made in porcelain and hand-decorated with a decal that reproduces traditional Turkish patterns. The geometric shapes of the decorations and their rich colors will create a dynamic effect on the table either if used in the same combination or mismatching different patterns. The precious material of these plates will make an elegant statement.
