SET OF 6 IVORY AND BLUE GLASSES

\$490

DESCRIPTION

This exquisite set comprises six glasses handcrafted of mouth-blown Murano glass. Part of the Macchia su Macchia collection, these pieces are modern and deconstructed interpretations of the traditional "macchia" method, in which the paint was applied in a single phase and coated with a crystal layer. Here, the crystal is removed and the effect is an elegantly opaque surface and the pigments are applied on several steps, creating a unique optical effect using ivory and blue as color palette. Each piece takes up to four hours to be made by one master and two assistants.
