## SET OF 6 LARGE AMBER AND TURQUOISE CANDLEHOLDERS

\$840

### DESCRIPTION

The artistry of master glassblower Stefano Morasso takes shape in the six goblet-like candleholders of this Murano glass set. Made using the "lume" technique, a blowtorch is used to create the sinuous silhouette of every design, which is comprised of a central blue disk interposed between the tapered amber base and the color-matching, flared bowl. Unique details characterize each signed piece as proof of its artisan quality.
