SET OF 6 LEATHER COASTERS IN ROYAL BLUE

\$270

DESCRIPTION

Detailed with tone-on-tone topstitching, these leather coasters will not only protect fine wood furniture when holding drinks, but also make a great accent on a coffee table. Made of the finest quality leather, also known as "primo fiore", this set includes six round coasters in royal blue and includes a leather holder with front cut-out for easy accessibility. A practical gift that will be well-received, these coasters will improve their texture over time and can be easily cleaned using a cloth moistened with lukewarm water and a neutral soap, or a detergent specific for leather.
