SET OF 6 PARROTS MEDIUM PLATES

\$180

DESCRIPTION

Elegant and colorful, these plates will be a striking addition to a modern home, where they can be displayed alone or combined with other designs by Aonie, depicting surreal, exquisitely rendered scenes full of colors. In this case, four parrots are depicted in a naturalistic way, surrounded by dots of various hues, while they are perched on a horizontal branch. Delicate and whimsical at the same time, this set will be eye-catching in any occasion.
