SET OF 6 PURO PIOMBO STEM GLASSES

\$230

DESCRIPTION

Part of the Puro collection, this set comprises six stem glasses, crafted entirely by hand according to the Venetian glass-making tradition. A sophisticated and modern gunmetal-grey color complements the minimalist silhouette of each piece and fades toward the top of the cup, which features a smooth surface. Ideal to complement a monochromatic decor, this set can be combined with others in the same color and different texture for a strikingly dynamic effect.
