Mun

SET OF 6 PURO ROSE QUARTZ STEM GLASSES

\$260

DESCRIPTION

Part of the Puro collection, distinctive for its smooth surface that complement the minimalist silhouette of Mun's pieces, this set comprised six stem glasses that were handcrafted of glass by expert artisans. The round base and low stem are delicately colored in a shade of pink that evokes the natural hue of rose quartz. The shade fades into pure transparency and adds an elegant accent to both classic and contemporary tables.
