Mun

SET OF 6 TORSÈ MULTICOLOR STEM GLASSES

\$300

DESCRIPTION

Part of the Torsè collection, distinctive for its dynamic texture of curved, twisted pleats, this set of stem glasses features six different colors that grace the round base and short stem to gradually fade into pure transparency. A harmonious mix of traditional handcrafted methods and contemporary sensibility, these glasses will be perfect to serve wine at table, both in a classic or contemporary decor. This set can also be combined with other Mun collections for a dynamic effect.
