SET OF FOUR KITCHEN KNIVES WITH CORNOTECH HANDLE

\$770

DESCRIPTION

This exquisite set of four knives was entirely handmade according to artisanal traditions passed within the Berti family for generations. The cornotech handle is made of durable lucite with a finish that will give the appearance of real horn. The stainless steel blades are forged and both blades and handles have different shapes depending on their uses. The pieces are: one prosciutto knife, one bread knife, one bone knife, and one carving knife. The wood box makes this set ideal to be given as a gift.
