SET OF LITTLE BLUE FISH PITCHER AND FOUR ROUNDED LITTLE BLUE FISH GLASSES

\$470

DESCRIPTION

This set comes complete with one tall cylindrical pitcher with a nautical handle, and four rounded glasses slightly tapering at their tops. What makes this collection unique is the addition of a expertly crafted royal blue glass fish, seeming to float in the glasses thanks to an innovative construction technique. The precise clean lines of the silhouette complement the delicate stylized fish perfectly and each piece was entirely mouth blown.
