Coltelleria Saladini

SET OF SIX STEAK KNIVES

\$320

DESCRIPTION

This set of six steak knives is part of a collection of everyday functional and exquisite pieces by Saladini. Each handle is made of a solid piece of resin, so that the final result is resistant and easy to clean. The blade of each knife is in steel that has been forged to make it compact. The blade is then tempered and mounted on the handle thanks to a hidden element. Finally each blade is manually finished and sharpened.
