Vaporetto

SET OF TWO DIVERSO WHITE GLASSES

\$145

DESCRIPTION

100% handmade in Murano, Venice. The tradition tells that the glass-maker made a new glass every morning to drink during the working day and they destroyed it every evening. The glass was different every day and unique just like the pieces in our Collection "Diverso": not glasses but real masterpieces. This set of two glasses is perfect for water but also for any alcoholic drinks. Please ask the Concierge for customization options.
