\$5,795

DESCRIPTION

As playful as it is graceful, this superb chair will add a touch of glamour to a contemporary dining room or living room, complementing any interior decor style. The gentle curves of its silhouette contrast strikingly with the simple straight structure of its four legs in oak wood. Backrest and seat recall the profile of a pansy flower in bloom, with an expanded polyurethane padding for extra comfort. The upholstery is in a striking yellow fabric and can be customized upon request in a variety of fabrics, leathers, or faux leathers.
