SFERA FIUME SCULPTURE

\$880

DESCRIPTION

Evoking the image of a sphere resting on the river floor swarmed by flora and fauna over the years, this colorful sculpture is entirely crafted by hand of majolica with a bold yellow-green background. The sinuous and diverse shapes of aquatic plants and frogs enrich the smooth surface in a multitude of intense colors. Perfect for adding an element of artful appeal to a console or bookcase, this sculpture can be paired with others by the same artist for a truly stunning look.
