## SHINING STRIPE CABINET

\$43,470

### DESCRIPTION

In the striking cabinet, two colors highlight its minimalist shape, giving this piece a modern allure. The obtuse angles of the base in stainless steel are recaptured in the two handles in the same material, while the rectangular white wood structure vividly contrasts with the black polish of its top and bottom. Mirror inserts run horizontally throughout the front and sides of the piece and are expertly hand-bevelled.
