SHIRUDO GRAY COFFEE TABLE BY ELISA HONKANEN

\$3,070

DESCRIPTION

The design of the Shirudo coffee table is inspired by traditional oriental shields (shirudo in Japanese), whose shape is recalled by the softly curved legs that follow - without touching - the shape of the round top. Finished in matte nichel, the stainless steel structure has a slim, geometric, and pure silhouette crafted with attention to detail to enhance the quality of the materials without sacrificing the aesthetic result.
