SHIRUDO BLACK COFFEE TABLE BY ELISA HONKANEN

\$3,070

DESCRIPTION

Inspired by the shape of a shield (shirudo in Japanese), this coffee table has a minimalist and contemporary aesthetics. Mingardo's masterful craftsmanship perfectly interprets this design by Elisa Honkanen by elevating a material like iron, traditionally associated with the industrial style, to a sophisticated look. The structure has a versatile burnished black iron finish and includes a Y-shaped base connected to three curved legs positioned like shields along the circumference of the round top.
