Giulia Barela

SILVER EYE PENDANT

\$340

DESCRIPTION

A testament to exceptional craftsmanship, this enthralling necklace will add a touch of bold elegance to any formal outfit. Inspired by sculptor Lucio Fontana, this serpent eye pendant is re-interpreted by Giulia Barela with triangular forms, creating a faceted surface accented by a long eye slit, for an enchanting look much like the feminine gaze. The pendant, fashioned of 925 sterling silver, is framed by a trace chain and an S-hook clasp, adding texture and stability to this sculptural piece of jewelry.
