La Casa Grifoni

SILVER LEAF SIDEBOARD

\$9,810

DESCRIPTION

This magnificent sideboard combines traditional craftsmanship and a modern silhouette to create a timeless design that is also functional, thanks to the large display top and four drawers with generous internal space. The structure is fashioned of solid maple with a sanded finish and rests on a unique iron base with a charcoal gray finish. The standout elements of this elegant piece are the four handles and top in metal covered with precious silver leaf, whose cold glow strikingly contrasts the delicate warmth of the wood.
