## SINFONIA 2-LIGHT SCONCE

\$1,305

---

### DESCRIPTION

Crafted merging traditional style with modern allure, this sconce is an elegant choice for a contemporary interior with eclectic furniture, where it can be showcased in a foyer flanking a mirror, or in a living and dining room with the other pieces from the Sinfonia Collection. The graceful and chic two-armed frame is marked by a polished chrome finish that reflects the light diffused from the crisp white fabric shades. Adding a distinctive personality to this piece are the cup-shaped bobèche and dangling droplet finials made of white hand-blown Venetian glass. It holds two E14 max 5W bulbs.
