SINGLEFLOWER BLUE AND WHITE DOTS VASE BY CARLO MORETTI

\$430

DESCRIPTION

Designed to host single-stemmed flowers for a poetic minimalist statement, this clear vase was deftly mouth-blown from Murano glass in a plump shape progressively tapering to shape its harmonious neck. Only a constellation of white dots accented with blotches of blue - all applied when the glass is still hot - interrupts the vase's clarity, lending it a delicate accent of liveliness.
