**SMALL COPPO CENTERPIECE - POLISHED AMBER AND GREEN**

\$1,320

## DESCRIPTION

A centerpiece, a fruit bowl inspired by this fishing net. A large, irregularly shaped container that fills our environments with design thanks to its color and shape. The “Mare” collection was born from the colors and shapes of the Venice lagoon. The “peocere”, tens and tens meters long mussel farming strings rising vertically, draw the shapes of the sunset over the clear and calm waters of the Serenissima. Spots of color in confined spaces made of lights and reflections. These are the splendours that have inspired the collection of vases, large centerpieces and fruit bowls. A collection characterized by bright and vivid colors, whose finishing is a tribute to one of the most classic Muranese techniques: the “rigadin”. The color chosen, Blu Savoia, Verde Pavone, Arancio, Ambra and Verde Erba light up this collection.

## DETAILS & DIMENSIONS

- Material: Glass
- Dimensions (in): W 14.96 x D 11.81 x H 5.91
- Dimensions (cm): W 38 x D 30 x H 15
